& GAMING

GO LIVE AND RAISE FUNDS TO HELP VETERANS

on their journey to recovery with WWP Stream to Serve.

ABOUT WOUNDED WARRIOR PROJECT® (WWP)

By donating, fundraising, or spreading the word, you can help warriors get back on track and become a positive force in their communities.

- ★ The mission of WWP is to honor and empower wounded warriors.
- ★ Since 2003, WWP has been committed to post-9/11 wounded service members and their families, helping them achieve their highest ambitions.
- ★ WWP provides life-changing services in mental and physical health, career counseling, and long-term rehabilitative care — all at no cost to wounded warriors and their families.

WWP LIVESTREAMING & GAMING

- ★ With 46.8% of warriors playing video games weekly*, WWP utilizes livestreaming and gaming to empower warriors to connect with other veterans and create a safe community where they have renewed purpose, helping to reduce isolation and depression.
- ★ Community members and veterans can join [Discord](#) to connect with others that share a love for gaming, livestreaming, tabletop role-playing and more!

STREAM TO SERVE®

Stream what you love. Give wounded warriors the support they deserve.

- ★ **Stream to Serve** is a fundraising initiative inviting content creators to stream what they love and change the lives of warriors. Every \$150 you raise can provide one mental health session for a veteran in need.
- ★ **Stream what you love** whether you stream video games or share your hobbies like crafting, fishing, cooking, fitness, and more!
- ★ **Fundraising** through Stream to Serve helps ensure that warriors never pay penny for WWP programs — they paid their dues on the battlefield.

Warrior Week is a seven-day livestream fundraising event benefiting the injured veterans whom WWP serves. Streamers come together in honor of Veterans Day to raise awareness and critical funds so that WWP can provide life-changing programs to wounded warriors and their families.

WHY YOUR STREAM MATTERS

The numbers speak for themselves, because not every warrior can. With the support of our community, we give a voice to those in need and empower our warriors to begin their journey to recovery.

Every day, 58 warriors and family members sign up to receive critical support and services provided by WWP.

76% of warriors self-reported experiencing post-traumatic stress disorder (PTSD) as a result of their service.*

76% of warriors indicated moderate to severe pain that interferes with activities and enjoyment of life.*

More than 1 in 4 warriors have had suicidal thoughts in the past 12 months. For every \$500 raised, at least three warriors can receive a mental health session.
