

FY25 UTAH IMPACT REPORT

Wounded Warrior Project® (WWP) is the nation’s leading veterans service organization, dedicated to improving the total well-being of post-9/11 veterans. We help all post-9/11 veterans, active-duty service members, and their families achieve better health and thrive for a lifetime.

Our innovative programs and life-changing services, advocacy efforts, and partnerships make an impact for warriors in every state. Together, we’re changing the way our nation cares for its veterans and ensuring that no warrior is left behind.

The following statistics represent WWP™ program activity and impact in the 2025 fiscal year (10.01.2024 - 09.30.2025)

Number of veterans in your state

Services and Warriors to Work®:

\$1,763,329

Career coaching services provided:

81

Average number of hours of care that
warriors enrolled in the Independence
Program receive each year:

296

“When I came back, my unit was still over there. I had nowhere to go, nowhere to turn. Wounded Warrior Project helped get me out in the community to meet other veterans — helped me make a group of friends who share common goals and bonds.”

WOUNDED WARRIOR
TAD STUART
HERRIMAN, UT
