

# FISCAL YEAR 2021

## CALIFORNIA IMPACT REPORT

Wounded Warrior Project® (WWP) began in 2003 as a small, grassroots effort providing simple care and comfort items to the hospital bedsides of the first wounded service members returning home from the conflicts in Iraq and Afghanistan. As their post-service needs evolved in their transition to civilian life, we've adapted our programs and services to support warriors and their families.

Your support connects injured veterans to life-changing programs and services and transforms the way our nation's veterans are empowered, employed, and engaged in your communities.

## WWP IMPACT

**Your support ensures warriors like Bill never pay a penny for WWP's life-changing resources — they paid their dues on the battlefield.**

"I have four daughters and Wounded Warrior Project helped me return to being dad again. I'd gotten lost and depressed as I dealt with PTSD but now my girls have their dad back, and that makes family life all the better."
