

FISCAL YEAR 2021

LOUISIANA IMPACT REPORT

Wounded Warrior Project® (WWP) began in 2003 as a small, grassroots effort providing simple care and comfort items to the hospital bedsides of the first wounded service members returning home from the conflicts in Iraq and Afghanistan. As their post-service needs evolved in their transition to civilian life, we've adapted our programs and services to support warriors and their families.

Your support connects injured veterans to life-changing programs and services and transforms the way our nation's veterans are empowered, employed, and engaged in your communities.

The following statistics represent state-specific WWP program activity and impact during the 2021 fiscal year (10.01.2020 - 09.30.2021)

WWP advocates for the

282,999

veterans in your state

7

Average hours of care each of these warriors receives per year:

266

Emotional support and wellness outreach calls made to warriors and family members:

478

Participants in warrior-led support groups:

59

WWP IMPACT

Your support ensures warriors like Deron never pay a penny for WWP's life-changing resources — they paid their dues on the battlefield.

“Wounded Warrior Project showed me there are others out there going through the same thing and I didn't have to face it alone — they have provided me and others a light at the end of the tunnel of recovery.”
