

FY24 TEXAS IMPACT REPORT

Wounded Warrior Project® (WWP) began in 2003 as a small, grassroots effort providing simple care and comfort items to the hospital bedsides of the first wounded service members returning home from the conflicts in Iraq and Afghanistan. As their post-service needs evolved in their transition to civilian life, we've adapted our programs and services to support warriors and family members.

Our direct service programs, advocacy efforts, and partnerships make an impact for warriors in every state — advancing WWP's vision to foster the most successful, well-adjusted generation of wounded service members in our nation's history.

The following statistics represent WWP™ program activity and impact in the 2024 fiscal year (10.01.2023 — 09.30.2024)

Number of veterans in your state
WWP advocates for:

1,534,356*

Warriors and family members
registered with WWP:

38,367

Warriors receiving long-term
care for their severe,
life-altering injuries:

117

support groups:

1,410

Virtual event participants:

4,590

Career coaching services
provided:

9,006

Emotional support calls
made to warriors and
family members:

1,860

Economic impact of WWP Financial
Wellness programs, such as Benefits
Services and Warriors to Work®:

\$37,799,804

In-person events:

556

Warriors enrolled in the
Independence Program
receive an average of

326

hours of care per year.

"I struggled for a long time
before I discovered Wounded
Warrior Project. They helped me
realize that I am not alone — I'm
not the only one living with
PTSD or a traumatic brain injury."
