

FISCAL YEAR 2021

COLORADO IMPACT REPORT

Wounded Warrior Project® (WWP) began in 2003 as a small, grassroots effort providing simple care and comfort items to the hospital bedsides of the first wounded service members returning home from the conflicts in Iraq and Afghanistan. As their post-service needs evolved in their transition to civilian life, we've adapted our programs and services to support warriors and their families.

Your support connects injured veterans to life-changing programs and services and transforms the way our nation's veterans are empowered, employed, and engaged in your communities.

The following statistics represent state-specific WWP program activity and impact during the 2021 fiscal year (10.01.2020 - 09.30.2021)

WWP IMPACT

Your support ensures warriors like Jason never pay a penny for WWP's life-changing resources – they paid their dues on the battlefield.

“A lot of veterans believe their best chapter was those ten years they were in the service or those twelve months they were overseas in a combat zone. Wounded Warrior Project provides programs that show you your greatest chapters don't have to be already written.”
