

FY24 OKLAHOMA IMPACT REPORT

Wounded Warrior Project® (WWP) began in 2003 as a small, grassroots effort providing simple care and comfort items to the hospital bedsides of the first wounded service members returning home from the conflicts in Iraq and Afghanistan. As their post-service needs evolved in their transition to civilian life, we've adapted our programs and services to support warriors and family members.

Our direct service programs, advocacy efforts, and partnerships make an impact for warriors in every state — advancing WWP's vision to foster the most successful, well-adjusted generation of wounded service members in our nation's history.

The following statistics represent WWP™ program activity and impact in the 2024 fiscal year (10.01.2023 — 09.30.2024)

Number of veterans in your state
WWP advocates for:

277,757*

Wellness programs, such as Benefits
Services and Warriors to Work®:

\$1,427,848

In-person events:

31

Warriors enrolled in the
Independence Program
receive an average of

326

hours of care per year.

“Wounded Warrior Project gave me the tools I needed to cope with my PTSD. Now I’m able to serve in a new way — by helping my fellow warriors.”

WOUNDED WARRIOR
RAY ANDALIO
OF PRYOR, OK
