“THE WARRIOR CARE NETWORK™ IS A COMPREHENSIVE PROGRAM THAT NOT ONLY FOCUSED ON ME, BUT ALSO INCLUDED MY FAMILY. AS A RESULT, MY FAMILY MEMBERS FEEL LIKE THEY ARE PART OF THE SOLUTION, NOT JUST WATCHING FROM THE SIDELINES.”

– WWP ALUMNUS BILL GEIGER, WITH HIS FAMILY
Bill returned from deployment with severe post-traumatic stress disorder (PTSD). The happy, extroverted Bill everyone knew and loved didn’t come home. Instead, “Angry Bill” came back with a quick temper and a desire to be left alone. When he finally realized how his behavior was affecting those he loved most, he sought help. The help he received through Warrior Care Network and at various Wounded Warrior Project® (WWP) events has helped him make great strides in his recovery. Access to timely, effective mental health care is essential for our nation’s wounded service members — something Bill Geiger and his family know all too well.
MISSION
To honor and empower Wounded Warriors.

PURPOSE
To raise awareness and enlist the public’s aid for the needs of injured service members; to help injured servicemen and women aid and assist each other; and to provide unique, direct programs and services to meet their needs.

VISION
To foster the most successful, well-adjusted generation of wounded service members in our nation’s history.

WWP programs are specifically structured to engage warriors, promote mental and physical well-being, and encourage their economic empowerment. Family members and caregivers are provided comfort, care, and education to help support the recovery of their injured warrior. Because of your support, WWP programs are provided free of charge for warriors, their families, and caregivers.
