

# FISCAL YEAR 2021 UTAH IMPACT REPORT

Wounded Warrior Project® (WWP) began in 2003 as a small, grassroots effort providing simple care and comfort items to the hospital bedsides of the first wounded service members returning home from the conflicts in Iraq and Afghanistan. As their post-service needs evolved in their transition to civilian life, we've adapted our programs and services to support warriors and their families.

Your support connects injured veterans to life-changing programs and services and transforms the way our nation's veterans are empowered, employed, and engaged in your communities.

*The following statistics represent state-specific WWP program activity and impact during the 2021 fiscal year (10.01.2020 - 09.30.2021)*

“When I came back, my unit was still over there. I had nowhere to go; nowhere to turn. Wounded Warrior Project helped get me out in the community to meet other veterans - helped me make a group of friends who share common goals and bonds.”
