

# FISCAL YEAR 2020

## COLORADO IMPACT REPORT

Wounded Warrior Project® (WWP) began in 2003 as a small, grassroots effort providing simple care and comfort items to the hospital bedsides of the first wounded service members returning home from the conflicts in Iraq and Afghanistan. As their post-service needs evolved in their transition to civilian life, we've adapted our programs and services to support warriors and their families.

Your support connects injured veterans to life-changing programs and services and transforms the way our nation's veterans are empowered, employed, and engaged in your communities.

## WWP IMPACT

**Your support ensures warriors like Jason never pay a penny for WWP's life-changing resources – they paid their dues on the battlefield.**

“A lot of veterans believe their best chapter was those ten years they were in the service or those twelve months they were overseas in a combat zone. Wounded Warrior Project provides programs that show you your greatest chapters don't have to be already written.”
