

FISCAL YEAR 2020

WYOMING IMPACT REPORT

Wounded Warrior Project® (WWP) began in 2003 as a small, grassroots effort providing simple care and comfort items to the hospital bedsides of the first wounded service members returning home from the conflicts in Iraq and Afghanistan. As their post-service needs evolved in their transition to civilian life, we've adapted our programs and services to support warriors and their families.

Your support connects injured veterans to life-changing programs and services and transforms the way our nation's veterans are empowered, employed, and engaged in your communities.

The following statistics represent state-specific WWP program activity and impact during the 2020 fiscal year (10.01.2019 - 09.30.2020)

“Wounded Warrior Project has had the most profound influence on me and my family. They showed my wife and I that we were not alone in what we were experiencing.”
