

COMMUNITY PARTNERSHIPS

★ HIGHLIGHTS

★ OUR IMPACT

Wounded Warrior Project® (WWP) believes that no one organization can meet the needs of all wounded, injured, and ill veterans alone. Through collaboration with best-in-class military and veteran support organizations, we exist as a network of support for the warriors and families we serve. WWP invests in partner programs that enhance overall quality of life, reduce suicide risks, and support high-need post-9/11 veteran populations. Together, we amplify the effects of our collective efforts.

The impact highlighted reflects investments executed within WWP's 2023 fiscal year for programming through 2024. Unless otherwise stated, the impact highlights are of individual programs of partner organizations WWP invested in during this time period.

40
GRANTS/
ORGANIZATIONS

In addition to WWP providing direct programs and services for post-9/11 veterans and their families, we invested in 40 organizations that served 51,000+ service members, post-9/11 veterans, caregivers, family members, and children and impacted an additional 3,000+ pre-9/11 veterans and 10,000+ civilians primarily through connection opportunities.

215
ORGANIZATIONS

Since 2012, WWP has partnered with and supported 215 organizations that provide the most impactful and essential services veterans, their families, and their caregivers need. This network of integrated support is vital to building strong, resilient veteran families and communities.

★ VISIBLE AND INVISIBLE WOUNDS OF WAR

1,500+ post-9/11 veterans and family members received support in mental health, brain health, and quality of life through programs that offer a multi-faceted, holistic approach to serving complex injuries and challenges.

★ VISIBLE AND INVISIBLE WOUNDS OF WAR

955 PARTICIPANTS BENEFITED

The Mission Based Trauma Recovery program engaged 955 veterans, family members, and caregivers, leading to veterans experiencing an 80% reduction in PTSD symptoms as a result of their sessions. MBTR helps wounded warriors reconnect with life, their families, their communities, and each other through service dog training.

★ FINANCIAL WELLNESS AND WRAP-AROUND SERVICES

Nearly 21,000 post-9/11 service members, veterans, and their family members

received transition case management, entrepreneurship training, or emergency financial assistance.

★ FAMILY RESILIENCY

More than 2,400 post-9/11 military children, including 1,100+ youth caregivers (Hidden Helpers), received support with programs

that enhance well-being, leadership, and resilience. WWP is the proud co-chair, along with Elizabeth Dole Foundation, of the Hidden Helpers Coalition. Additionally, 49 caregivers and family members received resources to help their families thrive.

★ BRAIN HEALTH

55 INDIVIDUALS SUPPORTED

The Headway program supported 55 post-9/11 veterans, families, and caregivers with community integration and therapeutic services. Offerings included day programs, family support, community outings, rehabilitation, and vocational training, boosting participants' Engagement in Meaningful Activities scores to 37. This represents a statistically significant increase of 26% after one year of program involvement.

★ HOUSING INSECURITY AND THERAPEUTIC SERVICES

19,742 THERAPEUTIC COMMUNITY SERVICES

2,700 post-9/11 veterans received support through 19,742 Therapeutic Community model services, including mental and

behavioral health, substance abuse treatment, outreach, peer support, and skills development. As a result, 65% transitioned to permanent housing, with 91% of them maintaining it for more than seven months.

★ SPECIAL OPERATIONS FORCES

Supported six organizations that served more than 3,700 veterans, family members, caregivers, and transitioning active-duty service members of the Special Operations

Forces through transition workshops and immediate financial assistance, including whole health and wellness programs.

★ CONNECTION

15,500+ active-duty service members, post-9/11 veterans, and family members

participated in peer events, community integration efforts, and volunteer events to inspire continued service.

Volunteer events impacted an additional 10,000+ youth and adult civilians.

★ PEER-TO-PEER SUPPORT

2,400+ PEER-TO-PEER CONNECTIONS

5,800 hours of 24/7 confidential peer support delivered to 2,493 service members, post-9/11 veterans, and family members via phone, email, and social media.

★ 2023 PARTNERS

WWP's targeted investments support programs focused on the following areas:

CONNECTION ★ FAMILY RESILIENCY AND CAREGIVERS ★ FINANCIAL WELLNESS AND WRAP-AROUND SERVICES ★ SPECIAL OPERATIONS FORCES ★ VISIBLE AND INVISIBLE WOUNDS

* The individual impact highlighted from programming is included in overall impact numbers, not in addition. The impact highlighted solely reflects grants executed within WWP's Community Partnerships & Investments portfolio.
