WHO WE ARE

At Wounded Warrior Project® (WWP), we are changing the way our nation cares for veterans and helping them thrive for a lifetime.

Our wide range of programs, services, and resources work together to empower your social, physical, mental, and financial wellness. We provide essential lifelines to families and caregivers. We inspire the hope and purpose that help prevent veteran suicides. We leave no warrior behind.

MISSION

To honor and empower wounded warriors.

VISION

To foster the most successful, well-adjusted generation of wounded service members in our nation's history.

WHO WE SERVE

Post-9/11 wounded, ill, or injured veterans and their families are eligible to join and never pay a penny for our services and support. If you are currently on active duty, transitioning, or served on or after September 11, 2001, you may be eligible. A disability rating is not required. If you are unsure, please contact the WWP Resource Center.

When you join, you become part of a supportive community focused on your total well-being. You'll find people who are like you, understand you, and are there for you.
